## **Members Course:**

The Members Course is specifically tailored to equip DAR members with the foundational knowledge and leadership principles essential for success within the organization. Structured around core subjects such as parliamentary procedure, the history and mission of NSDAR, and effective chapter operations, the course offers a blend of practical instruction and inspiring mentorship. Participants will engage with experienced leaders and fellow members, sharing insights and forging connections that last well beyond the classroom.

Throughout the course, you'll explore the values that underpin the NSDAR community, gaining practical experience in both leadership and service. Dynamic modules highlight the importance of ethical decision-making, inclusive teamwork, and the art of effective delegation, all while emphasizing the unique traditions and purpose that bind members together. As you progress, personalized feedback and peer support foster an environment where every participant is encouraged to step into new roles and challenge themselves in a supportive setting.

This comprehensive training program is designed to foster essential skills in communication, organization, and project management. It provides participants with valuable tools to serve society at every level. Through videos, collaborative work, and real-world leadership scenarios, you will gain not only knowledge but also the confidence to inspire and guide others within your chapter and beyond. Whether you are a new member eager to get involved or a seasoned participant seeking to broaden your impact, the NSDAR Members Course is your gateway to meaningful leadership opportunities and personal growth.
